Clerk of Court

**PUBLIC NOTICE**

**RE: PACER Billing Comments**

The current webPACER system allows users to enter information in a section entitled "Billing Comments." In the past, entries made in the "Billing Comments" section did not appear on invoices clients received from the PACER Service Center.

Effective September 1, 2000, all entries made into the "Billing Comments" section of the webPACER system will appear on PACER Service Center invoices.

This new feature will be especially helpful to those individuals who utilize this area of the webPACER program to keep track of PACER usage for each client. This will also benefit those webPACER users who have not taken advantage of the "Billing Comments" section due to the inability to receive a PACER Service Center-generated record.

The "Billing Comments" area of webPACER may be accessed from the main search screen.
